Food and Drug Administration

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I rely on an out-of-state
pharmacy to provide "Natural" hormones.
Since my system cannot tolerate synthetic
hormones, not allowing me access to my
existing prescriptions would definitely
be unhealthy for me.
